HUN ATTACK IS REPELLED

ENEMY BEAT BACK FROM ATTACK ON THE VESLE WAR ZONE

Paris, Aug. 6.—Sharp German counter attacks north of the Vesle river failed completely, according to the French war office today. The German attacks went to pieces and the French maintained their positions on the north bank of the Vesle despite the efforts of the Germans to drive them back across the river.

North of Montdidier the French made a successful attack against the German lines near Braches and crossed the Avre river.

The Germans attempted a surprise attack below Montdidier, but were thrown back with losses, leaving some prisoners in the hands of the French.

WITH THE AMERICAN ARMY ON THE MARNE-VESLE FRONT, Aug. 6, 8 A. M.—North of the Vesle river the Germans are resisting the onslaughts of the Americans in order to gain time, but the doughboys are slowly progressing toward the heights beyond the river.

Sunshine permitted air observation today and numerous airplanes were in the air reconnoitering.

Sharp fighting occurred yesterday between American troops and Germans north of the Vesle river, during which action numbers of boche machine guns were put out of action. Several Krupp batteries also were silenced.

On the heights north of the Vesle the Germans have removed their long range guns and placed them beyond the Aisne river.

Heavy shelling continues over the entire front.

PARIS, Aug. 6.—The determined attacks which the Germans have been delivering against the allied advanced guards north of the Vesle have failed to disturb the temporary stabilization of the Vesle front. The allied command is retaining the initiative in these operations.

Much importance is attached to operations farther north between Braches and Marisel, north of Montdidier. These are pointed to as a direct menace to the junction point of the armies of General Von Hutier and Crown Prince Rupprecht.

RAY SAFFOLD WAS LAWYER HERE MANY YEARS AGO

Major Ray P. Saffold, listed among the dead on the battle fron in France and as being from Selma, Alabama, was a nephew of Judge R. B. Saffold, a former attorney of this city, but now deceased. Major Ray P. Saffold for many years was an attorney in San Francisco and uncle and nephew were associated together in the law business in that city.

Ray Saffold was a frequent visitor to Richmond during the early days of this city and was well known to a large number of our people. He practiced law in the local courts and was regarded as being an extremely clever attorney and was well liked by a large circle of friends and acquaintence.

At the breaking out of the war with Germany he was consul at Geneva, but resigned that to become a part of the National Army, accepted a commission as a major of infantry.

REV. FRANK LINDER IS WELCOMED HOME

The congregation of Rev. Frank Linder, of the Wesley Methodist church formally welcomed him home last night at a gathering of the members of the church. There was speechmaking and a general good time enjoyed by everybody.

Rev. Linder and Mrs. Linder have been in the East for the past two months or more in the interests of community organization work for the National Council of Defense. He travelled through Missouri, Iowa, North and South Dakota and a portion of Nebraska and assisted in completing many community organizations for war work in these states. Rev. Linder declares that patriotism throughout these states is running very high and the people all seem willing and anxious to do all in their power toward win the war.

GREAT ARMY IN AMERICA TO BATTLE THE HUNS

An army of 7,000,000 fighting men will be one result of the extension of the draft ages between 18 and 45, in the opinion of War Department officials.

That is the minimum figure, and it means that every man of the 7,000,000 will be of the type and physique of those now on the battle front in France. Military men believe the class of 18 to 20 will yield 2,000,000 young men. From the class of 21 to 31 the country has already taken 3,000,000 youths of the best soldiery material in history, almost all of whom are now in France.

The class of 31 to 45 is set down for another 2,000,000 men.

Under the present plans, which provide that boys 18 to 20 shall be trained here, the United States will have the largest reserve army

SLAUGHTER HOUSE

One War Department estimate fixes 16,000,000 men the number who will register, providing the extensions are approved in the present form.

In California the 21-31 registration listed 298,989 men and the 18-20 registration is expected to bring in 478,402 men.

JOS. ARYAVICH IS REPORTED KILLED IN WAR ZONE

From the war zone in Europe comes the news of the death of Joseph Eryavich, of this city, who gave his life on the battlefield of the Marne salient. According to the reports, he was killed on the 20th of July and his people in Richmond were advised of his death last night by the War department.

Joe Howe, as the young man was known at the Pullman shops, where he worked when at home, went to war on the 20th of October and trained at American Lake. His parents are grief stricken over the sad news of his death.

CITY IN GLOOM FOR FIRST TIME LAST NIGHT

For the first time since the electric conservation order went into effect in this city, Richmond went into eclipse last night and Macdonald avenue was as dark as the proverbial pocket. All the store windows were dark and the street lights were turned off, making the city a gloomy one, indeed.

But for the lights shed at intervals by street cars, there was not a glimmer of electricity. Richmond is going to conserve electric energy with the same zeal that she has brought to bear in other war activities, and if the Kaiser can be whipped by saving, there will be nothing to the present war.

FIFTY-ONE MEN ARE CALLED TO THE COLORS FROM RICHMOND TO ENTRAIN 26TH

Fifty-one men from Richmond and vacinity are to be entrained for Camp Lewis on or about the 26th of the present month, according to advices received by the local exemption board this morning from Adjutant General J. J. Borree. They will comprise the last left in this district from the old draft and it may be possible that some will be in order to fill the quota from the class of 1918. Until the list is gone over and registrants carefully checked over it will not be known just who will be called to the colors.

Renewed efforts are being put forth on the part of the government to call all available men to the service by the middle of September, not only will the old class of registrants be cleaned up, but the 1918 class will be largely called. This is to make room for the new classes between the ages of 18 and 21 and 31 to 45 who are expected to register on the 5th of September.

The men who will be sent to Camp Lewis on the 26th are to be for regular line service and will all be white men.

MANY EXEMPTED FROM SERVICE IN DRAFT LAW

WASHINGTON, Aug. 6.—Broader provisions for exemptions have been written into the new man power bill

tion's war industry cabrio may not be upset by unduly large withdrawals of men over 32 years of age for military service.

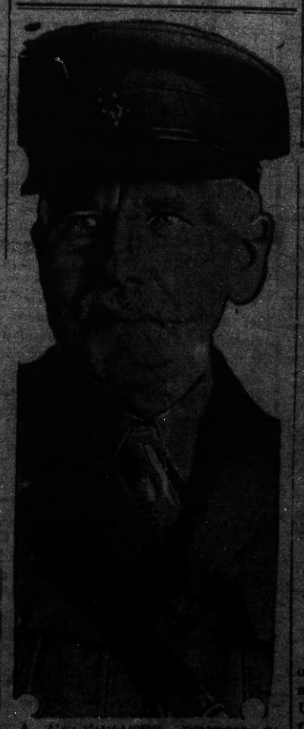

Provost Marshal General Crowder, appearing today before the Senate military committee, explained that he had deemed it advisable to make possible a more liberal interpretation of the law and prevent the induction into the army of many men performing essential work at home and yet not actually in industrial occupations.

VICTORY TOLL IS VERY HEAVY IN CASUALTIES

WASHINGTON, Aug. 6.—Army and marine corps casualties in the fighting on the Marne-Aisne salient, made public today by the War department, numbered 498—358 soldiers and 140 marines. This brought the total since the toll of victory began to arrive yesterday to 1,213 and the number of all casualties since American forces first landed in France to 16,409.

Today's army list contained mostly the names of wounded, whereas those of yesterday showed 459 killed in action and 80 died of wounds.

These lists do not represent any one day's fighting, but probably include some of the casualties for several days.

A CELEBRATED BRITON—Sir William Arbuthnot Lane, C. B., M. S., Lon., F. R. C. S. Eng., consulting surgeon in Guy's Hospital, London, and to the hospital for sick children, London, who is in this country to attend the American Medical Congress at Chicago. He has served in the Zulu war, Boer war, and Egyptian war.

AVIATION CONGRESSMAN LEADS FLYERS AGAINST AUSTRIAN FORCES.

Captain Fiarello H. LaGuardia, one of the American Flying Corps, and New York representative in the United States congress, who led the first unit of American airmen in the wonderful Italian victory over the Austrians in the battle of the Piave. The Americans did splendid work in helping to destroy the enemy bridges constructed across the river.

GARRARD RETURNS HOME.

Councilman E. J. Garrard returned home from his vacation Sunday, after an absence of two weeks' duration.

ROUTINE WORK IS HANDLED BY COUNCIL LAST NIGHT

There is too much politics in the air for the council to do a great amount of actual work until after the primaries, so last night's meeting was a decidedly tame affair, devoted almost entirely to routine matters.

There was nothing done in harbor affairs at all, the entire program being put over until next week. Harbor Manager Minter was instructed to attend to the mooring dolphins and see that they are put in according to the plans and specifications.

Miss Iva Wicks was employed as a stenographer in the Health office to take the place of Miss Long who is away on her vacation for a couple of weeks. The latter is a sister of Councilman Long.

It is stated that the palm trees on Cutting boulevard are dying for the want of water and proper attention. They have been turned over to the street department, with instructions that they be taken care of in a proper manner, watered and pruned, so that growth will not be retarded.

According to the report of the fire chief there were twenty-two fires turned into the department with a resultant loss of $250.00 which is a pretty good showing.

Fifty complaints turned to the Humane Society during the past month and the total expense of caring for them was $83.

According to the report of the tax collector $6900 was collected during the month of July and for the year thus far the amount collected is $12,578.72.

GRASS FIRE CALLS OUT THE FIRE TRUCK

A grass fire at Twenty-first street and Chanslor avenue called out a truck and a crew of men from fire company No. 2 at noon today.

HOME FROM SANTA CRUZ.

Grover Milnes, who has been taking a vacation at Santa Cruz for the past month, returned home yesterday

THRIFT STAMP WORKERS WILL RENEW ZEAL TO COMPLETE LOCAL QUOTA

At the meeting of the Entertainment Committee of the Red Cross held at the Elks club last night, Chairman Charles F. Donnelly resigned, on account of the order of the State Council of Defense that candidates for office must not be affiliated with the Red Cross activities, and A. S. Lilly was elected to the position. Constable Art Alstrom also tendered his resignation, but after some discussion on the part of the members of the committee it was decided that his office did not come under the ban of the Defense authorities and he was re-elected as treasurer of the committee.

The W. R. A., of the Standard turned in to the treasurer the sum of $16.50 proceeds from their whist party.

The renewed effort of the Red Cross Entertainment Committee in the matter of the War Savings Stamp drive is beginning to make itself felt. Fraternal orders are lining up their members for the baby bonds and as a starter the following orders have subscribed for various amounts:

Pythian Sisters No. 86, $50.00

Royal Neighbors, one stamp each month until January 1st, 1919.

Carpenters Union, $501.60 additional. This makes a total of $752.00 for this organization.

Knights of Pythias, $250.00

Barbers' Union, $50.00

Contra Costa Temple Pythian Sisters, $65.00.

TWO MASSES EACH SUNDAY AT SAN PABLO

Now I Need It

This was the remark of a savings depositor who came to the bank the other day and drew a small sum from his account. "I don't like to take this out—I had hard work putting the money in—but I need it now for a few days."

And we thought: How fortunate that he had the money when he needed it! If he hadn't built up his account by steady effort—what would he have done when his absolute need arose. How many men—and women, too—would give half their life for a few dollars at the time they're needed—when they might have had it if they had used a little grit and stick-to-it-iveness in saving!

There's no telling when a savings account may be needed to meet an emergency—will you be ready?

TOUGH TIME FOR BOCHES

In whatever words the thought was expressed in pre-historic times, when the vocabulary of man was limited, it is more than likely our ancestors had arrived at a verbal means of making known the give-them-hell idea before they had traveled far on the road to civilization.

The chronicle of the world has more to do with fighting—fighting between the tribes between countries, between nations—than it has with anything else. The battles recounted in the old testament are not the least interesting reading in the book. The battl of history is the literature with the greatest appeal to a boy in his first search for knowledge.

There is something in the three words "Give them hell" that expresses the spirit of battle better than any other phrase that has yet been invented.

No doubt that the commanders in the world's first battle used the term in spurring their men to victory. No doubt Leonidas used it to cheer his three hundred steadfast Spartans at the battle of Thermopylae. No doubt Hannibal used it, and Caesar. our own Captain Travis at the seige of the Alamo and Joe Wheeler in the civil war and the war with Spain.

No man reading the bulletins from the fighting front telling of the slashing blows being administered to the German crown prince's army, who do not feel inclined to say: "Give them hell," and a great number of men did say it.

From now on there will be a growing temptation to use the expression as news comes from time to time that the allies have the enemy on the run.

MORE BOOKS NEEDED

Libraries over the country are receiving appeals for more books for the soldiers in France. The boys want reading matter and they want it bad, according to the Red Cross and Y. M. C. A. authorities.

The appeal from Washington states that new novels and good Western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beech, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The Public Library announces that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers, many of whom have already responded most generously, to give more books.

The communication received by the Library from the Washington headquarters states that over 600,000 books have been sent overseas. The supply is nearly exhausted, and several thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed in these dispatch offices in strong cases, so built that they serve as a bookcase.

They go on the decks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, repacked in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced Librarian, representing the American Library Association. Most of them go to Y. M. C. A., Red Cross and the Salvation Army huts, hospitals and canteens. Others go directly to chaplains and officers.

BEARING THE BURDEN

England, in the opinion of Mr. Charles H. Grasty, writing from London, is doing too much in the war. It is crippling its industries in order to get men of almost any age to send to the front. He thinks it is up to America to carry a larger share of the load.

Perhaps it is. Little information is available in this country. It may well be that England has assumed an undue burden. However that may be, there is just one policy for America and for all Americans. That is to do all they possibly can.

There is still a disposition when one group of citizens is called on to make sacrifices to inquire whether other people are being treated the same way. If a limit is set to the price that may be charged for a certain product it is natural for the producer to inquire whether other people are working under the same limitations. It is natural, but it is not the way to win the war.

The question for every American to ask is, "Am I doing all I can?" It makes no difference that somebody else may be a slacker. When every citizen judges himself by that test there will be no trouble over what the country does.

STRIKING THE FIRST BLOW

The best way to figure the effect of any measure on the Germans is to observe the effect of similar measures on the Allies. The Allies know that the German soldier is made unhappy by airplane raids, because the Allied soldier doesn't enjoy them. The Allies calculate to a nicety the effect of mustard gas on the enemy by watching its effect on their own troops.

We all know the anxiety which the German offensive caused. We know how disheartening it was to read of troops constantly being forced back. We know, too, the enthusiasm resulting from a successful Allied offensive. So we are in a position to know what a change must have come over the spirit of the German troops from the elation of the successful offensive to the depression of the setback in the salient they had driven toward Paris.

It is a big thing to feel you have "the jump" on the other fellow. That spirit will be worth several army corps to the Allies.

According to Colonel Roosevelt, the crisis between civilization and barbarism is at hand. If the Germans win this war it is barbarism and if the allied nations are successful civilization will go on and the world of civilized nations will prosper as they never have before. There can be but one ending of the terrible holocust which is going on in Europe and that is the success of the allies.

The mayor and all the aldermen of a town in Texas enlisted in the army. Why couldn't that persuasive recruiting officer visit the capitol at Washington, D. C?

The name of the German General Hell means "bright" in English. But we have some generals of our own who are brighter than Hell.

It may be that General Foch dropped a stitch in sewing up the Soissons-Rheims pockets. Nevertheless, the Germans will concede he is some little seamstress.

RICHMOND BOYS ARRIVE SAFELY IN FRANCE

Mr. and Mrs. A. Dunlap, of San Pablo, received word this morning from the postoffice at New York that their son, Walter Dunlap arrived safe in France. He is a member of the 363rd Infantry regiment, Co. G and has been in training at Camp Lewis for the past s month or more.

Along with Walter Dunlap sailing for France were "Bud" Wright, former tobacconist of this city, Fred Strau, of San Pablo, Frank Mello, of San Pablo, Antone Rebero, Otto Fiehs, Earl Yankie and Albert Smith, all of the same place.

A portion of the 363rd regiment went to France some time ago and were reported by the postal authorities at the time of their arrival.

About all the automobiles in the country have the slogan on their windshield, "To Hell with the Kaiser." That's where he is going to all right and he is going there pretty shortly, if the signs of the times are read right.

It is all right to put professional baseball players in the nonessential list, but what are the sport editors going to do?

RESTAURANT CHANGED HANDS

The Republic restaurant at 1109 Macdonald avenue has changed hands and is in charge of a new and competent management. L. H. Nom is the new proprietor and will open the place for business this evening. All bills contracted by the old management will be paid on presentation at noon on August 11th.

ROY RODGERS TAKES POSITION ACROSS BAY

Roy, Rodgers, former newspaperman of this city and for a number of years local writer on the Record-Herald, is now employed on the Bulletin in San Francisco, where he is handling court work for that paper, and is said to be making good.

His new position with the Bulletin is in the nature of a promotion and indications are that he will soon be among the prominent writers of that metropolitan journal.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the muscles can no longer move naturally, physic taking becomes a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."

By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

CRUSADERS TO COME HERE ON 12TH AND 13TH

Manager Dan Reardon has arranged with the State Council of Defense for the featuring of Pershing's Crusaders at the Richmond Theatre on the evenings and for matinees on August 12th and 13th.

This is an official United States War film and shows the activities of the boys in khaki "over there," and will prove of interest to everybody. It is desireable that the picture be as widely seen as possible and the State Council of Defense is urging that the newspapers of Richmond give the matter as wide publicity as possible. The aim of the picture is to hit the Hun propaganda in the solar plexus and the percentage of the show goes to the United States government and will be used in defense measures.

The film is the property of the government and was taken under the direction of the United States army officers in France and therefore can be relied on as being absolutely accurate in every particular.

PROSPEROUS ALASKANS SACRIFICE ALL FOR WAR

DENVER, Aug. 6.—To "mush" 121 miles over fields of ice and snow, travel thousands of miles by foot, rail and water and give up a $10,00-a-year business that he and 60 of hi scompanions might get in the "big game" on the other side, is the experience and sacrifice of Howard Patten, who has reached Denver from Alaska. Patten came home to enlist in the signal corps. He was conducting a confectionery store at Anchorage, Alaska, when he and 60 other young business men of the town decided to enlist.

NEGRO WAITERS CAUGHT IN WORK OR FIGHT EDICT

AYER, Mass., Aug. 6.—Seven negro waiters from a hotel at Lenox have been brought to Camp Devens under the "work or fight" regulations. They are natives of Bermuda and on reaching camp demanded they be permitted to see the British consul.

All, however, were placed in the depot brigade with draft evaders.

SISTER FOUND BY AD. AFTER FORTY YEAR HUNT

FRANKLIN, Ind., Aug. 6.—After failing to locate his sister, Mrs. Catherine Wright, in a search of more than 40 years, C. V. Grove, member of the Indiana Masonic Home, found her here through the aid of an advertisement in a newspaper. Neither recognized the other when they met.

FOOD FAMINE IS CONFRONTING HUN PEOPLE

WASHINGTON, Aug. 6.—Despite drastic requisitioning of harvests in the Ukraine, Germany's attemps to secure grain there have been pitiful, according to advices from neutral sources reaching here today. The last harvest was 576,000 bushels, as against 13,000,000 bushels harvested by the Ukrainians in 1916, it was said.

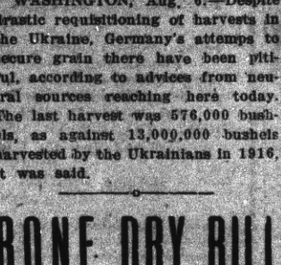

BONE DRY BILL GETS PLACE ON BALLOT

SACRAMENTO, Aug. 6.—A "bone dry" initiative measure which would prohibit the manufacture, importation or sale of intoxicating liquor in California after December 3, 1918, except denatured alcohol, was assured a place on the ballot for the general election November 5 next when additional petitions received today by Frank C. Jordan, secretary of state, brought the total signatures of voters on the petition to approximately 84,000 names. The total number of signatures required was 74,136.

PARSON FOLLOWS BIBLICAL INJUNCTION AND WORKS

NORTH BEND, Ind., Aug. 6.—Following the Biblical injunction to earn his bread by the sweat of his brow, Rev. W. Lee Gray of the Presbyterian church here, dons overalls Monday, Tuesday and Wednesday mornings and works in a local shipyards. On the other days of the week he performs his ministeriol duties. Owing to the high wages paid in the shipyards, Rev. Gray is one of the highest paid pastors in this section.

WINSOME STAR APPEARING AT THE RICHMOND

The filming of "At the Mercy of Men," Alice Brady's latest select picture which is appearing here at the Richmond theatre, gave this winsome star the busiest time of her entire career. In addition to the arduous work demanded of her by this thrilling and romantic drama, Miss Brady spent night after night in personal appearances at a great number of big photoplay houses in and about New York City.

The early stage and musical-comedy experience of this charming actress stand her in good stead for these appearances; there is no one in the ranks of the screen stars who shows to better advantage on those occasions when she comes face to face with the thousands of her admirers. Miss Brady's program consisted of a five-minute talk, followed by several songs, including the famous "Over There" by her friend George M. Cohan. Everywhere she was a sensational success; at several theatres, in fact, the fans were so enthusiastic that they almost tore her frock to pieces as she was climbing into her car. Miss Brady is always "a good sport," however, and so she enjoyed these appearances, but she has banned them for the future. "They are too much of a good thing," says she, "and make me a wreck the following day. But they were great stuff while they—or rather I—lasted."

EMPLOYEE OF PULLMAN CO. IS LAID TO FINAL REST

The funeral of W. B. Charles took place this afternoon from the Odd Fellows' hall and was attended by a large number of Odd Fellows, Rebekahs and fellow workmen in the Pullman shops in this city. Among the pall bearers were members of the Odd Fellows' lodge and Pullman employees.

Deceased came to this city from Denver when the shops were established here.

The remains were interred in Sunset View cemetery. Undertaker E. B. Smallwood had charge of the funeral arrangements.

NOTICE TO RED CROSS WORKERS IN RICHMOND

Red Cross workers who have taken sewing home under the old quota will please return same to the work rooms, whether finished or not. This is imperative, as this work must be sent out by the 15th of the month and it is necessary that it be returned on or before the 8th, so that it may be finished, marked, stamped, and packed.

This order has nothing whatever to do with the new quota for the 1st of September, mention of which was made by the Record-Herald yesterday afternoon.

ANTIOCH CHILD DIES FROM DRINKING GASOLINE

Coroner Bert Curry received a telephone message this morning that little Maxine Ritner, of Antioch, had met with death through the accidental drinking of gasoline. No additional details have been secured.

DEED IS FILED FOR RECORD TO BROOKS ISLAND

MARTINEZ, Aug. 6.—A property deed involving $45,000 was placed on record for the purchase of Brooks Island, lying near the Richmond harbor. The Healey-Tibbits Construction company is the purchaser and the Pacific Improvement company the selling agency.

The deed bears revenue stamps for $25,000 in cash.

The island contains about 47 acres, according to the deed's measurements.

This transaction was reported by the Record-Herald some six weeks ago and at that time it was said the Healey-Tibbits company contemplated some sort of a manufacturing enterprise for the island. Whatever their plans may be, the purchase is considered to be a remarkably fortunate one for the buyers, as the property is said to be worth a great deal more money than the amount paid for it by Healey-Tibbits.

EASTERN HEAT WAVE IS MOST TERRIFIC IN HISTORY

WASHINGTON, Aug. 6.—The country today was in the grip of one of the hottest waves of many seasons, and no immediate relief is in sight. Aside from the far west, the only cool spots are in the Lake Superior region and New England, according to weather bureau experts.

The heat waves, these experts said today, will last two or three more days, and perhaps longer. There are no showers predicted.

The scope of the "hot and dry" wave, said the weather man, is from Missouri, Kansas and Nebraska north to the Great Lakes, skipping Lake Superior, thence east and southeast through Pittsburg and to the coast.

Correct Lubrication for the Valve-In-Head Type Motor

The Valve-in-head-type engine illustrated here, like all *internal combustion engines*, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. Zerolene fills these requirements perfectly, *because it is correctly refined from selected California asphalt-base crude*

ZEROLENE
The Standard Oil for Motor Cars

It Keeps the Engine Young!

Experts agree in recommending ZEROLENE because it keeps the engine young—full-powered, smooth-running, and economical in fuel and oil consumption.

The majority of motorists are now using ZEROLENE, because they have learned by experience that there is no better oil to be had.

Correctly refined from selected California asphalt-base crude, ZEROLENE gives perfect lubrication with less wear and less carbon deposit. Less wear because ZEROLENE keeps its lubricating body at cylinder heat. Less carbon because, being made from asphalt-base crude, it burns clean and goes out with exhaust.

ZEROLENE is the correct oil for *all types* of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a **SERIOUS** power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.
